Hello Axxxx

Our high output models have been on the market since 1986, such as X1-MC & X1-MCP  
<https://www.ortofon.com/x1-mcp-p-629-n-4873> X3-MC and later X5-MC  
<https://www.ortofon.com/x5-mc-p-630-n-4873>.

Current high output MC-1 Turbo and MC-3 Turbo models were their successors that came in 90'ies.

Best regards

Hi,

I read the cartridges named above are long at the market: congratulations ☐! Great, if a construction is long at the market, even in our fast times, I like that.

Can you tell me since when.

Thank you in advance,

Kind regards Axxxx
