Betreff: SV: MC5000

Hello Axxxxxxxxx

MC 5000 was launched in 1990.

We are making components for hearing aids and bone conductors for professionals, e.g. audiometric branch, not for customers/end-users.

Best regards

Katarina H. Nielsen

Hello Katarina,

thank you for your information. -

... could not find the time of MC5000. When was it introduced?

Now Ortofon builds components for hearing aids, too. Do you think it's possible to get a whole hearing aid by Ortofon in some years?

Kind regards, Axxxxxxxxx

Betreff: SV: MC2000-MkII

Hello Axxxxxxxxx

MC 2000 was introduced in 1982 and 2000 MkII in 1989. MC 2000 featured Nude Symmetrical Contact line diamond, MKII model featured Fritz Gyger 90 diamond.

...

Best regards

Katarina H. Nielsen
